Introduction to Stochastic Programming - Springer Series in Operations Research and Financial Engineering

- The aim of stochastic programming is to find optimal decisions in problems which involve uncertain data. This field is currently developing rapidly with contributions from many disciplines including operations research, mathematics, and probability.

Introduction to Stochastic Calculus Applied to Finance
- Introduction to stochastic calculus applied to finance translated from French is a widely used classic graduate textbook on mathematical finance and is a standard required text in France for DEA and PhD programs in the field.

Modeling and Simulation
- Introduction summary computer system users, administrators, and designers usually have a goal of highest performance at lowest cost. Modeling and simulation of system design trade off is good preparation for design and engineering decisions in real-world jobs.

Linear Programming FAQ SourceForge
- Free demos of commercial codes can be used for non-linear regression, time-series modeling, and many other problems.

We provide over 10,000 solution manual and test bank
- Need any test bank or solutions manual? Please contact us at email: testbanksm01@gmail.com. If you are looking for a test bank or a solution manual for your academic textbook, then you are in the right place.

Articles List R Bloggers
- If you are an R blogger, you are invited to add your own R content feed to this site. Non-English R bloggers should add themselves here.

Peer Reviewed Journal iJERA.com
- International Journal of Engineering Research and Applications (iJERA) is an open-access online peer-reviewed international journal that publishes research.

Machine Learning Group Publications University of Cambridge
- Gaussian processes and kernel methods. Gaussian processes are non-parametric distributions useful for doing Bayesian inference and learning on unknown functions. They can be used for non-linear regression, time-series modeling, and classification. Many other problems.

Resolve a DOI Name
- Type or paste a DOI name into the text box. Click "go". Your browser will take you to a web page URL associated with that DOI name. Send questions or comments to DOI.
